Ferrell

You chose to make war on me with your gangsters.

None of you are legitimate researchers, but you are gangsters. This is one war you are going to lose. Gordon Novel or no.

On Monday you made false statements to Farris Rookstool once again. He told you to get a lawyer and get an injunction.

We aren't bothering you or the rest of your Slime, but all of you have interferred in our investigation and with my publisher.

You are warned that legal destruction will be visited upon you and Groden for interferring with my publishers. That's a trap.

You, Shaw, and the others have repeatedly perpetrated hoaxes in this case. This time you lose. False accusation is your M.O., for you all.

I asked you to meet with us and help us, and I find myself a target. I come here with police officers and find a bunch of paranoids with something to hide.

We are talking to a lot of police here in the course of our work, and yes, all of you are an object of ridicule and surveillance because of your activities, frauds and hoaxes. Its you that perpetrated the acoustical tape on the United States House of Represen-

natives.

You and your gang smear good people, seek to discredit them and any real evidence of conspiracy in this case. We know your game, and nothing you can do will stop the truth from coming out.

The Baltimore Police will never help you, either.

My home state is Illinois. I have a big family there, just as I have family in Texas. The Illinois State Police will be waiting for you on state property where the Chicago conf will be held, and at the hotel. Waiting for your slanderous "Fact Sheet" All of you seek to discredit the most important evidence ever put forward in this case by discrediting me.

Do you think for a moment all of your schemes will work one bit this time? That you can use my letters against me playing your Fifties games? Do you think you can scare us? You all took the bait.

You are nothing but a criminal and keep doing what you are doing with OPERATION FIREHELL and watch what happens. Legally. Watch what happens to Groden in court.

I have a perfect right to live in Dallas without being harrassed by you and your gang. I have some of the most important friends there are to have in Dallas. As you'll see in my new book. You are in for quite a shock. All of you.

I am in the National Police Hall of fame. H.
